

Performance Application

Overview: The men of the Twin Cities Gay Men's Chorus have been giving concerts for over thirty years and want to perform for you at the highest level of musical excellence possible. In order to do that there are some specific needs that the questions below will answer.

What is Needed (final needs will be determined in consultation with you and the venue):

- A Concert Hall, Church, or building in which the concert is to be held with adequate acoustics and accommodations to handle a concert. You will handle all site acquisition and site contracts. Dr. Ben Riggs, Artistic Director of the Twin Cities Gay Men's Chorus is more than happy to visit your site and determine the extent to which the chorus would sound its best at your selected venue.
- A warm-up room which will accommodate the full chorus (usually 80 to 100 men)
- A tuned piano (preferably a grand piano)
- A sound system with at least two microphones
- Risers for the chorus to stand on which will accommodate the number of singers
- A podium for the conductor
- At least two music stands.
- Restroom Facilities
- If the site of the venue is more than 60 miles from downtown Minneapolis, we would ask that you provide busses for transportation of the chorus.
- If the event is sufficiently distant from downtown Minneapolis that the time expenditure of the men of the chorus is in excess of four hours, including transportation to the event and the length of the concert, we also ask that some kind of food or snack (depending on the distance from Minneapolis) be provided after the concert.
- If logistically possible, the Twin Cities Gay Men's Chorus would like to sell their CDs and pass out information regarding upcoming concerts in Minneapolis at a table provided by the Concert site in the lobby, foyer or outer assembly area. The key to the success of your event is communication. Please feel free to call the Artistic Director at any time if you have any questions.

Remuneration: The Twin Cities Gay Men's Chorus is a non-profit organization and depends on concert revenue to insure its existence. The cost of having the chorus perform depends upon the length of the performance and/or how many selections you wish to have the chorus sing. The following price schedule is designed to give you general parameters. We cater each performance to each presenter.

- Two selections used as an opening to a meeting or general session, 10 to 15 minutes: \$500.00
- Thirty minute presentation without break: \$1,000.00
- Forty-five minute presentation without break: \$2,000.00
- A Full Concert with intermission (fifteen minutes) lasting two hours total: \$4,000.00

Repertoire: We prepare three major concerts a year so the music we will have prepared for your event will relate to the concert we just gave. (This means that requests for concerts in January, February and March are problematic because the repertoire we have just performed is Holiday Repertoire) In addition, we have several selections in a constant repertoire that have general inspirational interest. We rarely prepare special selections for special events.

Please complete all of the following questions and fax or email back to:
